What's New in the?

CopyDrag'n is an easy to use and small system tray icon that allows you to drag and drop images from your Windows clipboard. The icon is a set of a small windows and a large icon which together resembles a hand. Features:

CopyDrag'n is a fully-featured small system tray icon for Windows XP/Vista/7. The icon can be configured as a drop target for

several file types and offers a standard file manager functionality as well. CopyDrag'n is able to drag and drop an unlimited number of images or other items from a Windows Clipboard directly to a large icon and into one of several windows (you can copy and drop into any of the windows). The large icon offers a very comprehensive overview of the images that have been dragged over the icon in the windows. CopyDrag'n has a standard file manager functionality that allows you to open and close

the windows. The icons can be moved freely by the mouse.

CopyDrag'n has a simple menu offering several actions that can be performed when the icon is clicked. Installation: CopyDrag'n can be installed with an installer or downloaded directly from the website. The installer is available for Windows

95/98/2000/XP/Vista/7.

CopyDrag'n can also be installed to a USB drive or a hard disk drive.

CopyDrag'n supports Unicode.

Source: CopyDrag'n is a system

tray icon. You can download the source code and find all supported languages on the website.
